You can insert new group, delete group or Edit by using INS, DEL, F10 HOT KEY during Select group option. After selection of group close it. All group you selected all contact in selected group automatically add to your destination.

## 7.0 FAQ

**Q. Please provide default setting information?**

**A.** default setting of EasySMS Netshell given blow

User/Password	system@netshell/manager (Find out your user account id /pass)
EasySMS Netshell default port	8020 TCP
EasySMS Netshell Configuration File	client.exe.config
Location of configuration file	C:\Program Files\Babu Software\EasySMS NetShell\

**Q. Can Change of EasySMS NetShell port is possible?**

A. yes change of port is possible.

**Q. How to change EasySMS netshell port?**

A . Find out Netshell service host and port then Open Configuration file "client.exe.config" in notepad. For Example I found that my NetShell service is running 9920 port host localhost so change port is required from 8020 to 9920

Change value from

```
<client url="http://localhost:8020/RemotingSMS">  
<wellknown type="service.netshell.ServiceNeXT, service.netshell"  
url="http://localhost:8020/RemotingSMS/ServiceNeXT.soap" />  
</client>
```

to

```
<client url="http://localhost:9920/RemotingSMS">  
<wellknown type="service.netshell.ServiceNeXT, service.netshell"  
url="http://localhost:9920/RemotingSMS/ServiceNeXT.soap" />  
</client>
```

**Q. Remote management of EasySMS NetShell is possible?**

A. NO remote management is possible.

**Q. Always got message invalid mobile number, is any validation set for mobile number?**

A. YES, mobile number validation set for 10 or 10 + digit numbers (e.g. +919415917612). if you require deferent mobile number validation contact to support team.

**Q. Whenever I send command always got message *the underline connection was close: unable to connect remote server*?**

A. this is due to service not available or invalid configuration. Find out correct configuration, service status from your NetShell Administrator.

## 8.0 For More Information
